

## About EQ Insurance

EQ Insurance is a young and rapidly growing general insurance company, with the expertise to support your family's protection and your business operations.

Formerly a reinsurance company, in 2007 we received the license from the Monetary Authority of Singapore (MAS) to operate the underwriting of all classes of general insurance. The occasion marked the first such license issued by MAS to a local company in the new millennium.

Specialising in a wide range of personal and commercial insurance products, including Accident & Health, Bond, Marine, Motor and Property & Casualty, EQ Insurance aims to meet the needs of individuals and businesses.

We have a highly experienced and competent management team that is committed to transparency, integrity and excellence in meeting its obligations to its customers. EQ Insurance prides itself on settling insurance claims quickly and regards every claim as an opportunity to demonstrate its reliability as a service-oriented company.

As a result of the rapid expansion of business, we increased our paid up capital to S\$20 million and there will be further increases as and when necessary in order to meet our business plan.

- **VISION** - To be a financially strong, Singapore-based multinational insurance firm writing international business
- **MISSION** - To underwrite a profitable portfolio of non-life insurance business, develop a team of competent, young executives to lead the company's expansion, and to build a value-driven organisation from day one of the company's operations
